Finance	Luis Cantarero, Mike Goonan
Fitness	Becky Gibson-Laemel
Hearing	Teresa Frick, Kerry Kneitel
Infrastructure	Luis Cantarero, Anne Golino, Mike Goonan, Kerry Kneitel
Lakes	Mike Ehlers, Becky Gibson-Laemel, PJ Stakelum III
Landscape	Mike Ehlers, Becky Gibson-Laemel, Anne Golino
Lifestyle	PJ Stakelum III, Angie Striebel
Pools	Anne Golino
Racquet Sports	Becky Gibson-Laemel, Angie Striebel
CARO	Mike Ehlers, Anne Golino, PJ Stakelum III
CONCUR	Anne Golino, Angie Striebel

How can I get involved?

Island Walk has several committees which contribute to the success of the community. Want to learn who you can get involved? Contact the Management office and express your areas of interest. Staff will be happy to share the upcoming meeting schedule so you can attend the next meeting and learn how you can be a part of the journey.

Maintenance Fees Due

As a reminder, Maintenance fees are due January 1st, April 1st, July 1st, and October 1st.

The last day to pay your fees for Q2 has already passed. If you have not already made your payment, please contact the office.

Arubas	\$1,360.83
Capri	\$1,445.36
Oakmont	\$1,564.13
Carlyle	\$1,640.59

COFFEE

WITH CASTLE

Light bites, refreshments, Q&A opportunity is on the menu!

Valley Gutter & Sidewalk Replacement Project

Project Manager Weekly Report **May 3rd**

UPDATES!!!

VALLEY GUTTERS & SIDEWALKS

This week has gone by fast!
Bonness is nearing the finish line as the approach Hatteras & make their way back to IW Blvd!

Valley Gutter & Sidewalk Replacement will be wrapping up sooner then you know it!

*****Management is aware of root piles, unset paver, irrigation head & line breaks and has addressed this with respective vendors!
Thank You for your patience!******

Infrastructure Updates Cont.

RITZMAN COURTS

TENNIS!!!

With Ritzman's crew working on all cylinders we seem to be slightly ahead of schedule! New surrounding fencing will be going up soon, court preparation is close to being complete and new irrigation boxes have been set in place. A definite completion date will be known in the upcoming week! Can wait to have you all out there playing again! Thank You for your patience & understanding!!!!

Shaun VanWhervin
Project Manager

Collier County Backflow Replacement Project

Collier County began replacing back flow pipes & the associated in-ground meter boxes on January 16th. The project is funded through water and sewer user rates. This is phase 2 of the project that was initiated by the county. The team is currently working on Jarvis Lane and Kingston Way, and anticipate to be finished with these streets by the end of April.

Phase 3 will begin in early May, as the team continues to work clockwise around the community, ultimately concluding their work on Towncenter Cir.

The county will remove all the plant material near the pipes down to bare earth. A clearing of about 3 feet around the pipes and box is required for the replacement work to take place. If your pipes are heavily screened by vegetation, you will see a dramatic change. **Do not replant within 18 inches of the new equipment. It must remain clear so that the county workers have access.** The new pipes are brass with a new handle, and the new meter boxes are white/gray.

Water will be shut off for 1-2 hours while your backflow pipes and meter boxes are changed out. The County onsite crew will attempt to notify you via a knock on the door before turning off your water.

OLD CLASSIC BENCHES

An Infrastructure Committee Update

3 FOR SALE

Selling fast! Don't miss out, act now.

*One old bench was moved to the front of the Hair/Nail Salons
Another old bench was destroyed, as the frame was broken*

PROJECT COMPLETED \$2,762.55 UNDER BUDGET

Shaun VanWhervin
Project Manager, Castle Group

LIMITED OFFER

\$50 Check or Credit Card

Sold in 'As Is' Condition, First come, first served, No Returns
Bring your check or credit card to Castle Service Window in the Town Center.
Homeowners name must appear on check or credit card.

Castle Maintenance Team will deliver (not install) to your Island Walk home
Homeowners can not choose a specific bench
No Memorial Benches are impacted currently

We have no space to store these – if we cannot sell them internally,
we will sell them to the general public.

*Important to note – these much-loved benches need a little TLC:
currently rusting & fading.... But who isn't*

A WORD FROM THE ACC

The ACC rules do not address benches directly, but the following rule applies:

XIV. Lawn/Garden Art—Landscape ornamentation, including sculpture, pottery, garden art, statuary and decorative bird baths are permitted on private property within Island Walk. All display items must be located **within planting beds or on paver surfaces and may not be free-standing in any grassy area.** No items shall interfere with normal lawn or garden maintenance by the HOA contractor.

Reminders from your Compliance Officer

As we approach the summer months, we want to remind everyone of the regulations regarding hurricane shutters within our community.

We understand that many residents may be planning to leave the community for the summer season. With that in mind, it is important to note that hurricane shutters are not permitted to be placed over windows or door openings until June 1st. ACC approved shutters or panels may be placed over window and door openings during hurricane season (June 1st through November 30th) without limits so long as they are painted white or are made of a clear material.

Please help us to minimize compliance concerns by abiding by this requirement. I thank you for your cooperation.

Respectfully Submitted by:
Liam Geoffroy, Compliance Officer

Helpful Reminders...

With Cinco de Mayo approaching, decorations can be installed three days before the holiday and should be removed within three days after. Let's celebrate responsibly and respect our community guidelines.

Golf Cart Rules

Attention Island Walk Residents:

Please be aware of these Island Walk Golf Cart Rules and Regulations:

- Residents who own or lease golf carts to be driven in Island Walk shall register such golf carts with the Association, must sign a waiver and indemnification agreement with the Association, and must provide proof of liability insurance on an annual basis.
- All drivers of golf carts must have a valid automobile driver license.

Compliance Requirements

In order to use the Resident's Entry Lane, a resident must have a valid bar code that can be read by the scanner.

If the bar code has degraded for any reason, the resident must purchase a new bar code or use the Guest Entry Lane.

Marked Law Enforcement vehicles are permitted to park on the streets overnight. All other vehicles are not permitted to park overnight (11 pm - 6 am), this includes the Town Center and Aruba areas.

Lakes Committee Update

Last fall we had installed new pressure gauges and relief valves on all the compressors to tell us where we were having the highest pressure, and therefore the most concerns with the compressors. The task force has determined compressors 11A, 17A, 17B, 24-25B and 29-30A were of the highest concern. This covers 5 compressors but 6 lakes where the pressure is the highest.

We presented five proposals to the board covering several diffusers and three remote manifolds for a cost of \$5,054.66, which will come out of our budgeted reserves. This will give us a good test to see if we are on the right track. The installations should be completed within 30 days.

Littoral Plantings: In the period between 2017 and 2020 we installed over 30,000 feet of Dredgesox for erosion control. This was an expensive procedure, and although it worked to control the erosion, Collier County and South Florida Water Management District recommended planting littorals as a much cheaper and effective option.

A Stormwater Pond acts as a sink which captures the stormwater runoff from the surrounding area with many of the pollutants like excessive nutrients found in fertilizers. Aquatic plants in the littoral zone can improve water quality by removing excess nutrients and pollution from stormwater runoff. Planting specific species of aquatic plants improves water clarity and prevents algae blooms. Plants also stabilize the banks to prevent erosion and provide habitat for wildlife such as fish, birds and terrestrial species. We budgeted for these plantings as part of our shoreline stabilization reserve budget.

This year the Lakes Committee wants to concentrate on middle and upper littoral plantings. We do not plan on adding many lower littoral plantings such as Spikerush or Pickleweed. We are monitoring these lower plantings to make sure they do not extend too far out into the water.

Respectfully Submitted,
Dick Norwood - dicknorwood@gmail.com

Alligator Facts

According to Florida Fish and Wildlife, there are approximately 1.3 million alligators living in the state of Florida. [Alligators](#) have inhabited Florida's marshes, swamps, rivers and lakes for many centuries, and are found in all 67 counties. In recent years, Florida has experienced tremendous human population growth. Many residents seek waterfront homes, and increasingly participate in water-related activities. This can result in more frequent alligator-human interactions, and a greater potential for conflict.

Although many Floridians have learned to coexist with alligators, the potential for conflict always exists. Serious injuries caused by alligators are rare in Florida, but if you are concerned about an alligator, call 239-513-0045. We as a community have been approved to dispatch a state contracted nuisance alligator trapper to resolve the situation. Please give the trapper space to work, as alligators can easily be frightened by spectators.

Remember, never feed an alligator and keep your distance if you see one, and keep pets on a leash and away from the water.

Landscape Schedule Updates

Please see below the updated completed cycles for this week and planned cycles for next week:

Shrub Pruning – Cycle 4 of 9

Trim Crew #1 Trimmed Town Center through Hatteras

Trim Crew #2 Trimmed Town Center through Charlton

Trim Crew #3 Trimmed from Valentia through Upolo

Our Landscape Partners-Lets Connect not Complain

JUNIPER WILL HAVE A REPRESENTATIVE AT THE TOWN CENTER TO HELP YOU WITH LANDSCAPE, IRRIGATION AND ARBOR ORDERS ON WEDNESDAY, MAY 15th, 2024, FROM 9AM-NOON

Please use the Castle 800 number 800-337-5850 after business hours and on weekends to report any emergencies.

Additional opportunities to meet with the Juniper Representative in May are:

**May 29th
June 12th**

There is a Juniper Kiosk that will allow you to place a work order in the Town Center lobby.

**You can also place a work order by emailing Juniper at:
islandwalk@juniperlandscaping.com
or call 239-561-5980**

You will get faster service by submitting a work order with Juniper. If you need help, come to the Town Center when Juniper's rep will be there to help you.

Our Landscape Partners-

Irrigation Watering Schedules

The irrigation watering schedule for Island Walk is always changing through the course of the year to adjust for changes in seasons. As we transition in and out of dry seasons each year watering durations for each home and common area need to be increased to accommodate for dry and warm conditions and decreased to be careful not to overwater and cause fungus in the wet/ cold times of the year.

When a simple 5 min increase (or decrease) in the duration of a irrigation zone is made for an entire street, home by home, residents that may be used to running during a certain time of the evening or early morning may be running as much as 4 hours sooner or later than what residents may be used to seeing.

So, when watering schedules are presented to residents it should be made clear that the watering schedule they receive are not “set in stone” for year-round activation times.

Welcome New Residents!

DATE: Saturday, May 18th

TIME: 10:00 a.m.

LOCATION: Antigua room, Town Center

If you recently purchased a home in Island Walk (during the last 6 months) and or have not been able to attend an orientation, now is your chance. We have scheduled it on Saturday to allow those who work to attend.

Our Welcome Coffee orientations provide new residents with key information, an ability to meet other new residents and an opportunity to have their questions answered by Board members and management staff. You will receive a new resident information packet, and light refreshments will be served.

The gathering lasts approximately 1 hour.

For planning purposes, please RSVP to Dawn Gibson before May 18th at dgibson@castlegroup.com or call 239-513-0045 if you plan to attend.

If you cannot attend the upcoming gathering, let us know as our new resident orientations are held monthly, with the next meeting being Saturday, June 15th.

From your Communications Committee

Island Walk Photo Share is back! So it's time to get out your camera and start snapping pictures of our beautiful community. Selected photos will be published in The Islander

Photo submission deadline is the 20th of each month. The categories are Beauty in IW, Fun in IW, Wildlife in IW and Pets of IW. Limit 1 photo per category each month. To submit photos, send your name, street, email or phone number to IWphotoshare@yahoo.com. Be sure to indicate which category you wish the photo to be considered for and if it is a pet, be sure to include pet's name and a bit about her/him. We look forward to seeing all your beautiful photos!

PLEASE NOTE: By submitting a photo, residents acknowledge and agree to allow *Island Walk Naples and Castle Management, as an agent of Island Walk Naples, the use of their photos in any IW publication, including the Island Walk website.*

Management Office Updates

Your comments, questions and concerns are important to your Board and the Management Team.

To help provide another vehicle for submitting your feedback, a drop box has been added in the main lobby. There are feedback submission forms available in the pocket on the side of the drop box. We look forward to reading the comments provided, and understand what is going well, what can be improved and what could be considered in future conversations.

Lost & Found

We have many items currently sitting in the lost & found. Some of those items include:

- Sunglasses
- Jewelry
- Watches
- Water bottles
- Money

For any item being claimed, unless there is a clear identifier for who it belongs to, we will require a description of the item, or dollar amount in the event it is money being claimed, before the item will be released.

Comcast Escalation Procedure

What are resident's options when they have contacted the Comcast Center for Excellence (800/934-6489) several times and the same problem with Comcast TV or Internet still exists?

1. It is important the resident has contacted Comcast at (800/934-6489) at least twice and that Comcast attempted to fix the problem twice, but the problem still exists.
2. The resident should send an email, with a subject line of "Comcast Escalation" to the front desk attendant (XXXX.com) or visit the front desk with the following information:

Resident's Name:

Address:

Phone number:

Email Address:

Description of Problem:

Frequency of Problem:

Dates problem was called into Comcast: (800/934-6489)

Did Comcast Visit Home?

3. The resident's email will be forwarded to a special 2nd level Comcast escalation center.
4. Comcast will contact the resident within 2 business days, usually by phone, and determine a plan of action.
5. If the resident isn't contacted by Comcast within 2 business days or Comcast failed to resolve the problem the resident should contact the IW front desk.

Inc. serving Naples, Florida for over 18 years!**

**As Island Walk residents, we're fortunate to have them right in
our community.**

**Join us May 9th from 10 am to 11:30 am in the Living Room at the
Town Center for an exclusive Session with Twice the Geek.
They'll be on hand to answer all your burning questions about
Apple, Microsoft, and Android products**

**Whether you're grappling with device quirks or seeking tips and
tricks, this is your chance to get expert insights—all for free!
Bring along any questions you have about your devices, and lets
dive into the world of tech together.**

See you there!

Staff Updates

We are pleased to welcome two new editions to the Island Walk Staff:

Deion Erdek– Maintenance Supervisor

Dion along with his wife and two sons moved to Naples from Dallas, Texas in 2014. He earned his Bachelor of Science in Mechanical Engineering at the University of Houston. He is excited about his new position as your Maintenance Supervisor at Island Walk. He has a strong background in construction and maintenance but most importantly enjoys what he does. His personal time is mostly spent outdoors, traveling and working on projects in his garage.

Jordan Williams– Administrative Communications

Jordan was born and raised right here in Naples, Florida. He went to Golden Gate high school. He also recently received his Bachelors in Health Science from Stetson University in Deland, Florida.

Jordan also played football at Stetson, a division one program in the Pioneer Football league, playing schools like Princeton, San Diego, and Davidson. Jordan's main responsibilities will be assisting with AV duties, Business Weekly publications, and tech support.
